

ISO 17021:2011tutorial

As you are aware ISO 17021:2011 was published on 1st February 2011.

INAB will not be hosting an information day on the new standard as it is a revision of an existing standard and the changes are largely confined to requirements for the auditing of management systems and for auditor competence.

An online tutorial has been made available by the ISO Committee on conformity assessment (CASCO) and may be accessed by following the link:

http://www.iso.org/iso/resources/conformity_assessment/casco_tutorial_iso-iec-17021.htm
