INAB Policy on Mandatory and Guidance Documents

1) Purpose

This statement outlines the Irish National Accreditation Board's policy regarding mandatory and guidance documents for accredited and applicant organisations.

2) Guidance Documents

Guidance documents represent preferred practice in applying relevant standards and are produced as a means of promoting a consistent approach to accreditation. The approaches taken are not mandatory and are for the guidance of the national accreditation bodies and their clients. Please note that some INAB and international publications entitled 'guidance' do contain mandatory requirements and are identified as such in this document.

3) Mandatory Documents

- a. Applicant and accredited organisations shall comply with the INAB, EA, ILAC and IAF mandatory requirement publications as listed in this document. These documents specify **mandatory** requirements for INAB applicant and accredited CABs and will be assessed as part of INAB's accreditation process.
- b. Applicant and accredited organisations shall ensure that mandatory requirements are incorporated and implemented into the quality system.
- c. New documents or revisions are applicable from date of publication, unless otherwise noted.
